## Abstract

The tales of Guhan in centuries past have been some of the most monumental to the development of **man**<sup>1</sup> kind. It was through his guidance that the ancient Gargymids had been ordained, and through his Gentleman's Relish flowed the wellspring of life. Following the great gooning, the

# 1 Guhanisis (Genesis)

## 1.1 The Creation

In the beginning, there was Guhan, and Guhan was the Gargya, and Guhan was the Egwugwu. All things came into him, and he came into everything - not a single life wrought without his Gargyaning. In Guhan flowed the wellspring of life, and that life was the light of all Goonhans, shining in the vault of Gargya never fading.

## 1.2 Gu And Ga in the Gargyan

These are the records of the Guhan and his Gargya, concerning their creation. At the time that the Lord Gargya made the Guhan and the Gargya, no officers had been borned, and no CS had been clubbed, for the Guhan Gargya had not made the officers officer, nor did he create CS's to club. But Gargya's would come up from the Gargymids, and the Lord Gargya formed the Nathan from his holy "██████████" and breathed life into his nostrils, and the Nathan became an Officering officer. ██████████-██████████, ██████████, ██████████.

The form of all the trees and shrubs were to the likeness of the Guhan, and the ██████████ was immaculate, unending, and diverse. The Lord Guhan took the Nathan and placed them into the Synagarg to work and watch over it, to keep its condition pristine. And the Guhan Gargya commanded: "██████████, ██████████, you will certainly perish." Then the Guhan Gargya said, "██████████. I will create a helper to ██████████."

Guhan thought, "what better person to ██████████ with a ██████████ than my ██████████ self?" And so, Guhan sculpted a gooner in his image and named it Garghan Guya. Guya was the spitting image of Guhan, the perfect gooner who could goon until the end of time. Nathan and Garghan spent their days in the Synagarg ██████████.

One day, a traveler wandered into the Holy Synagarg. "Why do you ██████████ to all but the Nahan Gargyan?"

Garghan answered, "because Guhan Gargya'd it as such." The traveler responded, "Perhaps you should not Gargya the ██████████ as much as you ██████████ the Gargya."

Nathan looked to the man in his humble, extraordinary, genius, awe-inspiring image. "Thank you, young ██████████. You have taught us how to Gargya the Guhan exceptionally Guhanically." ██████████. But Nathan felt something was wrong. He could hear Guhan Gargya Gargyaning his Guhan to the point of Gargyatory. One day, Guhan descended to check in on the two after ██████████. He was enraged that the two had disobeyed his orders. He furiously explained that the two had unleashed sin ██████████.

"You fools! You've ██████████ the mortal ██████████ kind into ██████████! I'm going to remove your officer roles, time you out, and then set you to Bronze role!"

Garghan wept, for he knew nothing ██████████. But Nathan vowed to never indulge in Nahan Gargyan again, even though he wanted it with all his heart. While Garghan disintegrated having no more purpose in life, Nathan remained eternally bound to Guhan, tormented by the shame of his sins.

## 1.3 The Purge (Guhanisis 69)

This is the account of Zoah and her family.

Zoah was a righteous woman, blameless among the people of her time, and she ██████████ faithfully with the ██████████. Zoah had three sons, Gem, Gam, and Gom.

B: Who were you trying to remove?  
A: You know who—forget it.  
C: Error – you don’t have the MANAGE ROLES permission to run that command.  
A: Myself.  
A: Hold on, we’re honestly sliding toward authoritarianism. A: Uh...wait, what?  
A: THE ABILITY TO PIN MESSAGES IS GONE!  
B: Oh shoot.  
A: Looks like the “officer” role is basically just a regular member now.  
A: Guhan’s the only one left with any moderation power.  
B: That’s wild.  
B: So what powers do we even keep?  
B: I CAN’T TALK IN #announcements!  
B: WHAT THE—  
A: Nothing is technically wrong, but this feels off.  
B: THERE’S LITERALLY NO POINT IN US BEING HERE ANYMORE.  
A: Seriously — if even #announcements is Guhan-only, this is going too far.

### 5 Guke (Luke)

As prophesied in the Gargyabrahamic Religions, unto the 5th day of the Guhanory Calendar, Ozymandias rose from his burial.

And in the 10th year of the Gircle of Insight, in the 5th age of the Guhanory Calendar, the Gestational Envoy descended upon Ozymandias, King of Kings as he [REDACTED].

Romeo, Romeo, who art favored by the Gosmos: the Spirit of Guhan is within your ”[REDACTED]’ [REDACTED]”. From your bearing shall flow the waters of guhanificience, and your name shall be exalted among all the Egwugwu.

And in that moment Ozymandias trembled and replied, “How shall this be? For my Glory flows naturally.” The Gestational Envoy answered: “[REDACTED]”; behind, the impossible shall be made manifest, that all may see the face Guhan’s divinity”.
